DAY 1

NAPLES - POMPEII

Distance: 6 nm
Duration: 40 minutes
Temperature: 30°

Pompeii is one of Italy’s most popular sights: an entire Roman town buried under volcanic ash in 79 AD. It is a UNESCO World Heritage Site situated south-east of Naples, near the southern slopes of Mount Vesuvius, the volcano that destroyed the region. The archaeological zone is easily paired with a city break, a seaside weekend, or a tour of southern Italy. Visiting Pompeii is a once-in-a-lifetime opportunity. It doesn’t take much to imagine being part of this fascinating Roman town.

DAY 2

POMPEII - SORRENTO

Distance: 9 nm
Duration: 55 minutes
Temperature: 27°

For almost two centuries, Sorrento has been a popular tourist destination, perched on a plateau above the sea with breathtaking views of the Bay of Naples. The historic seaside town has learned to cope with and benefit from tourism, and in exchange, it provides a traditional ‘Mediterranean summer holiday’ experience – without losing its Italian character and charm.

DAY 3

SORRENTO - POSITANO

Distance: 15 nm
Duration: 1 hour and 35 minutes
Temperature: 27°

Positano is a dramatic, cliffside village on the Amalfi Coast, and without doubt one of the most photographed and filmed locations in Italy. This chic retreat is a must stop on your charter.

DAY 4

POSITANO - AMALFI

Distance: 6 nm
Duration: 40 minutes
Temperature: 28°

Much like Capri, Amalfi attracts tourists of great prestige. The 50 kilometres of Amalfi coastline stretch primarily from Sorrento to Salerno. It remains a unique and incredibly beautiful location. The hilly towns display Italian engineering and architecture at its finest, with terraced houses dangling from the steep cliffs. This area is a sight to behold.

DAY 5

AMALFI - SALERNO

Distance: 8 nm
Duration: 55 minutes
Temperature: 30°

For yachts cruising the Amalfi Coast, Salerno is an ideal stop. The city of Salerno is set on a green hilly terrain and boasts an ancient history which dates back to the fourth century. The Arechi Castle which dates from the 6th century is one of the best spots for a panoramic view of Salerno. Not only does Salerno offer plenty of restaurants and a bustling nightlife, but it's home to amazing historical monuments and museums.

DAY 6

SALERNO - CAPRI

Distance: 25 nm
Duration: 2 hours and 45 minutes
Temperature: 26°

The graceful gem of the lemon-scented Amalfi Coast, Capri is pure poetry and worthy of a thousand sonnets. Dwarfed by soaring sea cliffs and penned in by the sparkling sea, any other small would disappear against so much drama but not Capri. Brimming with wisteria frothed villas, brightly painted buildings, gardens cloaked in kaleidoscopic colour framed by pergolas, and plump piazzas that are prime people-watching territory, Capri doesn't fail to utterly enchant. Charter guests will want to visit the famed Grotta Azzurra - this flooded cave was believed to be home to sea nymphs and magic back in Roman days thanks to its iridescent hues of unbelievable blue. The Gardens of Augustus are also worth a stroll and the Villa San Michele is sure to steal your heart.

DAY 7

CAPRI - ISCHIA

Distance: 18 nm
Duration: 2 hours
Temperature: 27°

Ischia is an international tourist destination situated peacefully in the Gulf of Naples, untouched landscapes, cultural sites and many other surprises. Its robust shoreline is distinguished by a series of headlands, streets and beaches where sea water flows a few feet from shoreline with hot water from thermomineral springs. Indeed, the volcanic island hides a high concentration of hot springs and a wide variety of waters in its underground, which make Ischia 'the capital of the Europe's thermal spa. In Ischia, also called "The Green Island" it is a springtime eruption of colors and fragrances because of its numerous pine trees and lush Mediterranean vegetation. The wineries, planted on terraced grounds, give a special touch to the island's overall landscape.

DAY 8

ISCHIA - NAPLES

Distance: 17 nm
Duration: 1 hour and 50 minutes
Temperature: 31°

Southern Italy's yacht charter hub, Naples is energetic and lively, but charming and beautiful at the same time. Here you'll find a proud and colourful culture and a welcoming hospitality. It is the gateway to Capri and the Amalfi Coast which are without doubt one of the most stunning coast lines in the Mediterranean. The rich history of Naples has left it with a wealth of monuments and historical buildings, from classical ruins to medieval castles and a wide range of historically and culturally significant sites including the Roman ruins of Pompeii and the Palace of Caserta. There are plenty of museums and religious sites to visit, not to mention what lies beneath Naples... catacombs, caves and ancient reservoirs. A visit here is of course not complete without a trip to Vesuvius. This city serves a cultural and historical feast for the eyes!
